Description**Requirements:**

1. The program window should look like it is specified in the documentation.
2. The "File" menu contains two submenus "About" and "Exit".
3. When you click on the "About" submenu, an "About" window appears on top of the main "Greetings" window. The "About" window contains a greeting picture, the name of the program, as well as the name of the developer's company and the year of development of this program. This window is closed by clicking on the cross in the upper right corner. While the "About" window is open, the main "Greetings" window is blocked.
4. The "Greetings Area" field is used to display the greeting "Hello, + the name entered by the user in the "Name" field!".
5. The "Warning" window is displayed on top of the main "Greetings" window. This window is closed by clicking on the cross in the upper right corner or by clicking on the "OK" button. While the "Warning" window is open, the main "Greetings" window is blocked.
